Take a look at the JWI difference:

FEATURES

- International Building Code (IBC) compliant wind load design
- Maintenance-free materials
- Resilient surface provides a preferred rebound effect
- Constructed with materials to buffer ball impact noise
- Easy field installation with factory assembled sections

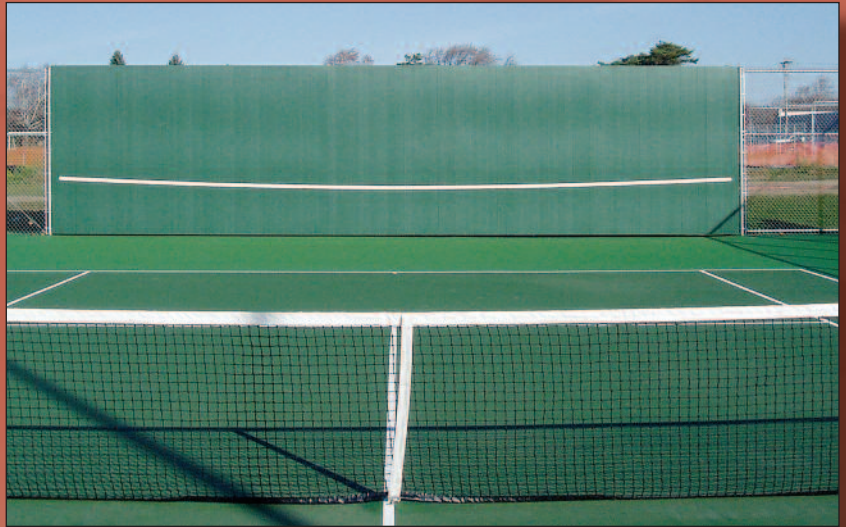

MATERIALS

- Durable plastic face boards
- High-strength galvanized steel framing
- Corrosion-resistant fasteners

CONFIGURATIONS

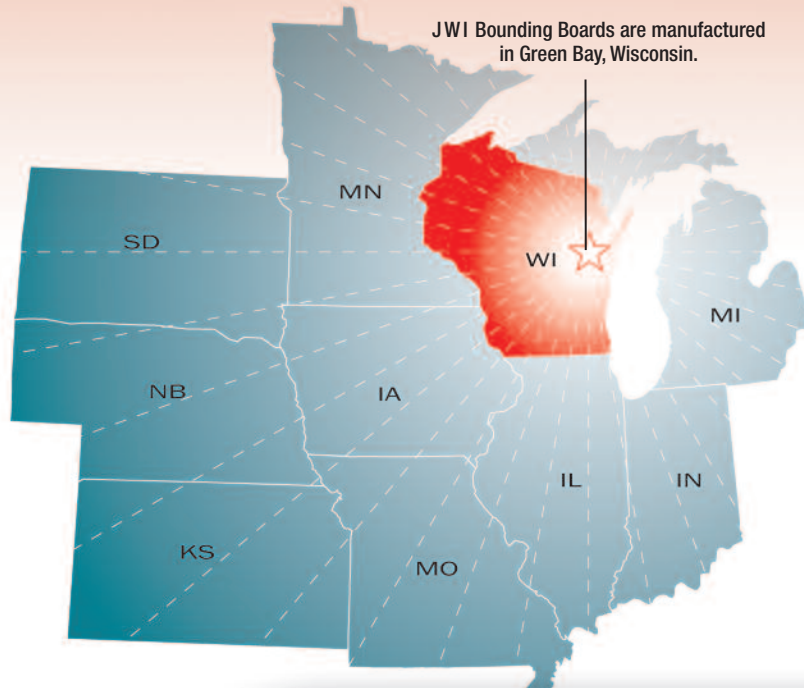

- Model TBB-10-16: 10 feet high x 16 feet wide
- Model TBB-10-24: 10 feet high x 24 feet wide
- Model TBB-10-32: 10 feet high x 32 feet wide
- Model TBB-10-40: 10 feet high x 40 feet wide
